L-pop: Thank you for speaking with us.

Stephani: Oh that's okay. It's nice to take a break from all the craziness and talk with someone sane.

L-pop: Tell us how you got started and if you're going to make movies this year?

Stephani: Up until a year ago I had never done any nude modeling, and then moving to Los Angeles, I hooked up with some people and got into taking pictures. As far as movies, I've only done a few up until now and it's been a lot of fun. I have to say that I've even learned a few things.

L-pop: Really? Would you care to say?

Stephani: Honestly, I had never been that confident in my body, even after my implants. After a few shoots, I think I've gotten better. But what I've learned the most is about myself and my sexuality.

L-pop: Do you mean you didn't like sex'

Stephani: No, no, no. It's not that I didn't like it, but it was predictable and had become a bit boring. Most people in longer relationships tend to say that. What I mean is that having sex with different types of people in new situations, is quite exciting, and that makes sex fun.

L-pop: Now that we know that you like sex, what do you like most about it?

Stephani: Like I said, some of it is the new people you can fuck. The new places you get to fuck in, and the different types of fucking that you do. I even don't mind when the director stops a scene and you have to stop — and then turn it on again.

L-pop: Do you have a favorite position.

Stephani: I like it all. I like giving and getting head. I love to get my pussy fucked, and over the past year, I have done anal but it took about three times to feel comfortable with it. Now, I absolutely love it. The other thing I like is having to put my body into different positions for a fuck. In your regular sex life, you're probably not as adventurous, but when the director says stand on your head and get you pussy eaten, now that's exciting.

L-pop: What's next for you?

Stephani: In this business? Well, I have three more scenes to film this month and a couple industry events in LA and Vegas by the end of the year. Then I think I'm going to head back to the Chicago area to be with my family and friends. I can't wait to see them. Then after the new year comes, we'll see what that holds.

L-pop: Thanks for your time.

Stephani: It's been a pleasure. You're welcome.

ne of the sexiest ways

a man can be pleasured is when a woman adores his cock. One of the best ways to do this is to suck it for him - like a lollypop. And I don't mean just lightly lick it, I mean take it in your hand, devour it, lick it hard, suck it hard, and feel it down your throat.

First of all, men know if you like doing this or not, just by how you go about it. If you don't like it, he will know because the enthusiasm is not there. Be passionate about giving head. Go for the gusto and it will turn him on so incredibly that he will say "I had the BEST blowjob today," and he will remember it for many hours of masturbation later.

As a woman, be in charge of the blowjob and be one who wants to seriously give her man pleasure. You are in control of him in this moment. Here are some tips for truly making love to your partner's penis:

To give the best blowjob ever you will need to put some effort into it. Putting the penis in your mouth and simply going up and down on it will accomplish nothing, this is not a blowjob. You hold the power to give the best blowjob ever so unleash it!

Let him watch as you master his cock. If you are lying on the bed between his legs, or if he is standing looking down, he is intently watching you. Use one hand to stroke his tummy, balls, up and down his legs, thighs, nipples, and hold his cock with the other hand so you can

guide it carefully away from your back teeth. Guys who pull your hand away sometimes regret it because they don't realize you are keeping his precious head from those sharp grinders in the back of your mouth. If they've pulled your hand away though, it might be an indication that you were squeezing too hard, or that he wants you to take his cock deeper into your mouth. Going all the way down is incredibly pleasurable for the man to see his cock disappear down your throat.

Some men like their blowjobs sloppy wet, there can never be too much saliva during oral sex. If this is a problem keep a glass of water nearby to help keep the juices flowing.

Suck his balls. Men don't usually get a lot of attention to their balls because most women think they'll hurt them. But if you gently stroke them and suck them by taking one into your mouth at a time, tonguing it then moving to the other one, you will see how much enjoyment is derived from this attention. Then use your tongue horizontally up the vein of the cock and feel him gasp when you again, suck the head into your mouth.

While giving oral sex saying things like "you taste so good", or "you are so big", in your sexy voice are a definite plus while getting a blowjob. I am more specifically referring to the verbal communication needed to know what exactly your man is enjoying. Use phrases like, "Do you like it when I do this", or "Which way feels better for you". Communication plays a major role in giving the best blowjob ever.

By humming or making slurping noises during a blowjob you can actually send vibrations throughout the penis which can be very enjoyable for your man.

HOW TO LICK A LOLLYPOP

In my opinion deepthroating is the best blowjob technique ever. There is nothing like watching an entire penis come spilling out of your partner's mouth. The flicking and wagging of your tongue using good pressure is very pleasurable. Try twirling it around the head one way, than the other way. Again, this will bring gasps and moans.

Another little trick that makes my men gasp with pleasure is when I use my teeth ever so gently on the cap of the penis. Be sure there is a lot of saliva for gliding your teeth on. I start out by having my teeth clenched together at the tip of the penis. Then as I glide down the cap I slowly open my jaws. My lips are closed around the shaft as my head moves downward. Then I flick my tongue as my teeth give way and cause a suction with it. This sensation seems to bring a new experience to each recipient.

While some men enjoy a little nibbling, there is nothing worse than the pain from scraping teeth. Some scraping is going to occur, there is no way to prevent 100% of the scraping especially when your going fast and furious. You can prevent some of the scraping by using your lips to cover your teeth as well as being aware of the position of the penis.

Most men who are uncut are extremely sensitive when you expose his penis by pushing the skin all the way down and holding it down to suck him (but be careful here as some can find this painful). You have to ask the man which he prefers. Exposed or unexposed. Sometimes I try to leave the skin up and stick my tongue between the outer skin and see how far down I can slide my

The more attention that's paid to the penis, the happier a man will be. Any man. At any time. If you make the blow job an important part of your sexual life with your partner, you'll find he's less likely to stray; less likely to have arguments; and more likely to get that pearl necklace you've always wanted.

tongue in before the skin folds back with my motion. Pressure is important too. Squeezing with your lips as you move up and down is very important.

And last but not least, swallowing cum. I have asked men which they prefer. A woman swallowing his cum or him jacking off in the last seconds before he cums, onto her breasts, ass or whatever. Many men grew up watching porn and in all porn, pulling out of the mouth and other orifices is the norm, so the viewer can see the glorious "money shot." As a result, many men associate an awesome orgasm with pulling out and cumming on her breasts, face, tummy or ass as he strokes. It is a turn on to see the fruits of your labor for sure, or feel the warm love juice on your breasts.

"Do you swallow?" is one of the most asked questions, because if you remember in the beginning, my first point was; a man's ego lives in his penis. If you swallow his ambrosia, his ego is given the ultimate compliment.

After he cums in your mouth, slowly pull away and leave the penis alone now. It is painfully sensitive and can't bare any more attention for a few minutes. A nice warm wash-cloth placed on his shaft and scrotum feel lovely to him while he is resting and recuperating.

You are now equipped with some knowledge of how to pleasure your partner in ways he might not be familiar. Listen to the noises he makes and be acutely aware of what makes him happy. If you want to make him cum as opposed to just warming him up for hours of pleasure, just remember these things and put them into practice — every chance you get.

Imagine eighteen and nineteen year old girls on the loose during their first couple years in college. Studying is not that important, after all, there are at least two more years to get that right. Then there are campus parties with lots of girls and guys with similar raging hormones. Here's what a couple lollypops did.

why ellen doesn't study

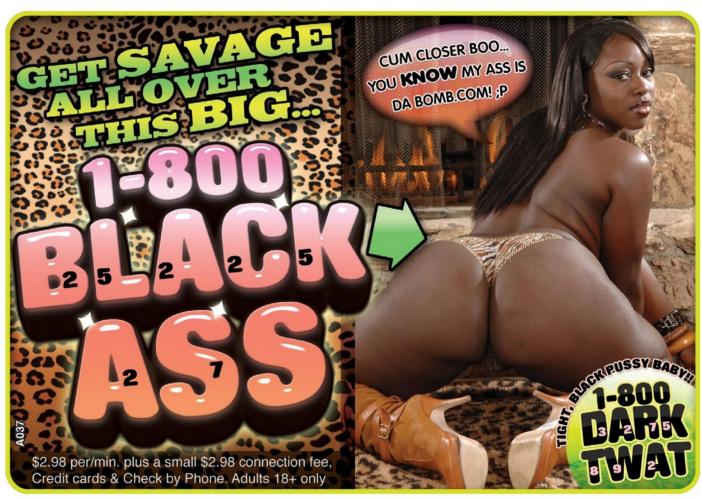

Ellen's dorm room was pretty small but had a lot of décor. A coffee table full of text books and fashion magazines, shelves full of vases and pictures of family. She turned off the lights and joined me on the bed. She started out sitting upright to the right of me, but it ended with her head on my shoulder and arms wrapped around my right arm. I stopped paying attention to the movie. I was nervous that I might go to fast, and she would get uncomfortable. Half way in the movie I couldn't hold myself back, and didn't care about being nervous. I moved my left hand across my thighs, to hers, and just rested my hand mid-thigh. Her muscle was tense but softened within a few seconds, then I continued slowly and moved my hand up and inward towards her crotch.

It was warm, and I began to slowly rub my hand around that area, and going down to the thigh and back up. Her breathing was quickening and shaking, along with mine. We were staring into each other's eyes as I undid the pants button and

zipper, and slid my hand in. Her eyes were now closed, her head tilted back, and lips partly open. Her breasts moved up and down as her breathing got heavier, and a light moan escaped her lips. Our lips touched and parted for our tongues, which explored each other's mouths and wrapped themselves together like two serpents.

I just grabbed Ellen by the shoulders and threw her down on the bed, "Don't move." I said removing my socks, pants, shirt, and my bra and panties. I began to kiss her again and let our tongues dance. I got to my knees on the soft the bed, and removed her pants slowly, kissing her inner thighs. I slowly brushed my lips and nose against her crotch teasing her, then to her belly button and breasts. I removed the rest of her clothes. She put the palm of her hand against my stomach and rubbed inward towards my crotch and began to slowly rub my clit. I kissed her neck and removed her remaining clothes. My lips traveled down to her nipples and I began to suck on them. She began to moan again. I stopped sucking her nipples, and stared at her as I shoved a finger into her warm wet pussy.

I watched her breathing, pacing my thrusts. Her breathing became harsh, fast, and heavy, and her back arched slightly. There was one last long loud moan, which vaguely sounded like my name, and her pelvis shot up and down, and her legs curled in along with her fingers and toes. Her whole body became one spasm event, and her long nails cut my back. The whole time I didn't stop shoving my fingers in and out of her. When her pussy relaxed and her body was calm again, she opened her eyes wide and a large grin spread across her face. I smiled back, proud that I made her orgasm.

i want more butt candy

I recently transferred colleges from Ohio to Colorado. I needed to get further away from home so I could 'find myself' and not be inhibited by my parents so close. A few weeks after my sophomore year began I was already tired of studying, I decided that I wanted to taste the night life. I hadn't been laid all summer and now at school it may be easy, or it may be hard. I had to pretty much minimize my chances for failure.

Early that evening, I go through my drawers trying to find which thong made my ass look best. After trying on several pairs, nothing fit like the red g-string, it made me feel so sexy. And I liked the color contrast with my skin. I pulled up a pair of thigh high stockings and selected my black five-inch heels.

I'm only 5' 5" so the heels make me look taller and really help push my already plump ass out there even more. Looking in the mirror was such a turn-on, my ass looks good in red. As I start to shut the drawer, I caught glimpse of my huge butt plug. I debated whether to leave it, bring it, or put it in. What the hell, I thought. I enjoyed it in me and I had done an enema in the shower, so why not. I could always pull it out if I needed to. I bent over, pulled my thong to the side and spread some lube all over my tight little star. I firmly grasped the huge plug and directed it between my cheeks. My body starts to tingle as the plug starts sliding in. It felt amazing, then all of a sudden it popped all the way in. I moaned as a shock of pleasure-pain ran through my body. It was so filling, almost as good as being stuffed by a cock.

I decided to go to Murphy's Law, a club/restaurant on the boardwalk at the beach. I walked in, showed my ID and paid the dollar admission, since it was Ladies' Night. I tend to avoid Ladies' Night at clubs because it can get crowded and the girls get caddy. The guys are all looking for nookie, so the scene is pretty much a meat market. Fortunately, it was a weeknight so it wasn't as crowded as I feared. I walked over to the bar, tightening my sphincter so waves of pleasure surged through my body. I found a stool and gingerly sat on it with most of my weight on one leg. After I got my drink, I turned sideways so I could see the room. It was a mix of people, almost all students, with a lot of bumping and grind-

ing, and twerking on the dance floor. Then this good-looking guy comes over and sits on the stool beside me and orders a drink. A few minutes go by and he stands up and whispers over my shoulder asking me to dance. I turn a little more and check him out. I told him I'd love to, but I needed to use the ladies' room first. He chuckled. I asked why he laughed at that. "Because it's a unisex bathroom. There is no ladies' bathroom." he said. I laughed too and headed for it.

I quickly walked down the hallway and entered the first door. I walked in and quickly shut the door behind me. I am thinking the whole time that I probably need to take out the plug if I'm going to dance. I quickly pulled my skirt up and my panties down around my ankles and pulled both feet out. I find the end of my butt plug and get ready to pull it out. All of a sudden the door handle rattles and I hear the door swing open. I look back still bent over and in walks my soon-to-be dance partner. He shuts the door and locks it behind him.

"You know your gonna give me some of that ass." he says. My heart dropped and my pussy started throbbing. "You know I will." I said. "Do you like my ass?" He smacked me on the ass and turned me around. He put his hand on my head and pushed me to my knees. As he unzips his pants, out pops the hugest cock I have ever seen. It was already hard and over nine inches long, easily. He grabbed my hair and pulled my face to it. I reach my hand up to grab it and noticed it was as thick as my wrist. I stuck out my tongue and started to lick

the head of it. I open wide and start to take it in. Halfway down, I start to choke and gag. He bobbed my head up and down until I almost couldn't breathe. I could taste his pre-cum in my mouth and loved the taste of it. He pulled it out of my mouth and turned me around and bent me over the booth. He grabbed the string of my thong and pulled my ass up higher in the air. He saw the plug and hesitated for a moment. I was so sidetracked that I actually forgot about it. "I got something better than that." he said and pulled the plug out of my anus. He led me over to the sink and bent me over it. He pulled my red g-string to the left and started to lick my ass.

The adrenaline started pumping as I feel the head of his enormous cock start to enter my butthole — inch after inch for what felt like ages. It hurt so bad but felt so good, my body couldn't stop shaking. He pulled out real slow and then shoved it back in. With every thrust he made sure I felt it and didn't slow down at all. He held tight on my thong and he said, "You know where this cum is going, don't you?" He pulled my hair and I felt a warm explosion in my ass. It was so warm and filling! He pulled out and I felt my anus shrink back down. He pulled up his pants and walked out. I got dressed and put my plug back in to hold the cum inside me.

I went back to the bar and tried to act as if nothing had happened. I finished my drink but really didn't want to leave. I saw him on the dance floor.. He smiled and waved. I wanted to go back in and see how many more I could get to fill my ass.
